

7500q Series Mobile Thin Clients

Model Numbers: 7572q, 7510q

Industry Leading Endpoints & Management Software

If you're going to use a laptop, it should be a virtualized Thin Client. The 10ZiG 7500q Series is a mobile, fanless Thin Client device endpoint with full-size keyboard and numeric pad, high-definition audio with built-in mic with two speakers, and an HD video camera - for VDI and DaaS on-the-move! Equipped with free centralized management via The 10ZiG Manager, which comes cloud-enabled with unlimited user licenses. Complete with technical support and software upgrades. Also available in a Zero Client device.
